

That's My Truth (Bassed Out mix)

Chorus 1- You know I said I'd always take care of you
You know I said I'd always be there for you
I'll always try to make things fair for you
That's what I'll do for you cause that's my truth (Background echo)

Chorus 2- Whether It's first thing in the morning
Or the last thing in the night
As long as you're my baby
Everything will be alright

Verse (repeat x 3)

- Baby gal looks so fine, gal y'know you gotta stay mine
Hair, eyes, hips, thighs, its all about ur shine
We can kiss, hug n'fuck until there's no time
Oh gal ur so fine n'- 'thats my truth'.

Here, there, anywhere, we'll do it everywhere
On the bed, floor, table, even the lazy chair
Lickin' here, stroking hair, baby its all there
No man can compare n'- 'thats my truth'

Tan in summer, ski in fall, honey we can do it all
We can share, I'll be there, any time you wanna call
Eat this n' drink that, hun you know we'll have a ball
Just say you wanna doll n'- 'thats my truth'
